

Master of Business Administration (MBA)

The first MBA program available in Durham Region

Specialize in one of four areas of expertise:

Finance

Marketing

International Business

Logistics and Supply Chain Management

We are now accepting applications for part-time MBA to begin classes January 2010. The objective of the MBA program at UOIT is to prepare graduates to work at the middle management and executive levels in organizations. This program teaches students to apply theoretical concepts in real world cases and examples, and is directed towards students looking for a deeper knowledge and experience in one of the program's areas of expertise. In addition, the MBA program at UOIT offers access to specialist facilities such as the Faculty's Marketing Research Lab and its Virtual Trading Lab.

Application deadline: Oct 15, 2009
